

THANK YOU
VERY MUCH!

Projecto Honduras has an *all volunteer* workforce. Our extraordinary volunteers not only give countless hours of service, they pay for their own transportation and living expenses. Our founders pay all administrative costs. This means that 100%, *your entire donation*, goes to providing aid to the poorest of families with the most crucial of needs.

Projecto Honduras is a 501(c)(3) charitable organization

Projecto Honduras
Making a Difference

(Name of recipient)

In your name and to celebrate you,

(Name of giver)

purchased _____ chickens
to be given to a very needy child
in Honduras, Central America

Even kittens like baby chicks

But most of all chickens
make the coolest gift!

Chickens are a good source of protein. They lay lots of eggs, adding to an excellent breakfast. A good hen will lay one egg a day, sometimes two.

One egg a day helps keep hunger away.
