

THANK YOU
VERY MUCH!

Projecto Honduras has an *all volunteer* workforce. Our extraordinary volunteers not only give countless hours of service, they pay for their own transportation and living expenses. Our founders pay all administrative costs. This means that 100%, *your entire donation*, goes to providing aid to the poorest of families with the most crucial of needs.

purchased _____ pair(s) of shoes
to be given to a very needy child
in Honduras, Central America

Children may feel left out if they do not have proper shoes or a uniform.

In some of the mountain villages many children do not have school shoes or shoes of any kind. This can lead to cuts, parasites, anemia and many other health problems.

Personal attention is given to make sure every shoe fits.
